TRAINING (S-3T)

The following personnel will be qualifying on the M-4, M-9, and M-870 (as designated at the range) this UTA and will report to building 145/CATM classroom after roll call Saturday for departure to the range: All AEF team personnel. Ensure that you bring your gas mask and inclement weather gear Saturday. SMSgt Heilmann and I will be conducting task evaluation in preparation for the unit effectiveness inspection this year, please ensure that you are prepared. We will also offer a familiarization class for all squadron personnel in upcoming UTAs for these processes. Training flight personnel will have training this drill on the following tasks-Blood borne pathogens, concepts of threat spectrum, EPR/performance feedback processes, use of force/weapons knowledge, unit effectiveness inspection training, AFTR training, SAPR LE, OC refresher, human relations, risk management CBT, AERO emergency and first responder (if needed, see the tracker), and award nomination procedures and guidelines (supervisors). On Sunday there will be an Air Force trainer's course at building 141 for personnel needing or wanting the training. Supervisors need to have this training at least once and be on the approved memorandum signed by the Commander (the training office has this memo). All personnel will need to update AFTR and ensure CBTs are current. Both Flights should work to complete any remaining LE tasks from the first quarter of the master training schedule. Use the lesson plans on the Security Forces center web link. SSgt Newhouse has a list of those still needing OC refresher training, weapons knowledge, and use of force training. Document all training on the AF form 689s (found in SF Center lesson plans) or a memo for record/TEEO and get the trainees to complete the SFS training roster for documentation. Send all documentation to the training office.

- Duty Flight personnel will also complete any due CBTs (the CBT tracker is in the S-3T folder on the Q drive) and any master training schedule task training that you did not complete within the last two months (you can rotate personnel if manning permits or have the trainer/certifiers go to the posts). Remember to use the squadron approved TEEOs found in the ECC or use the AF Form 689s found on the SF Center web site to evaluate the task training. **Send the completed documents to the training office.**
- If you are enrolled in CDCs bring your disk and/or books with you every UTA. One unit review volume is due per month. Supervisors if personnel are behind in volume completion; it is your responsibility to track this and notify the training office. Remember that you are to follow the squadron training milestones found in the master training plan book for CDC enrollments.
- Congrats to SSgt Garner on successfully completing the Air National Guard instructor certification course at McGhee Tyson ANGB.

AWARDS AND DECORATIONS MONITOR

- **ATTENTION:** We are accepting nominations for Airman, NCO, and Senior NCO of the quarter for the 130 SFS. All supervisors need to nominate deserving personnel for recognition through this not only this program, but also the Air Force / WV state decoration programs, and squadron certificates of appreciation. MSgt Bowling has e-mailed all supervisors the information for nominating personnel for the quarterly awards to include the template AF form 1206. MSgt Bowling has the template for the certificates of appreciation for supervisors. **The next quarter for nomination is 01 Jan 14-31 March 14 with a suspense of NLT 1400 Saturday of March UTA.** Send the completed AF Form 1206s to SMSgt Hughes and MSgt Bowling NLT the suspense dates and times listed. Recipients will be nominated for the Mission Support group awards in the same categories.
- If anyone needs ribbons please ask as we may have them, if we do not have them you may need to purchase them.
- Ensure that your virtual MPF ribbon rack is up to date with your DD form 214s. Also check your awards for state service and time in service awards. If you have fired expert on the M-9 and/or M-4 and your record does not reflect this come and see the training office for a, Air Force form 522.
